Wedding Bells!!!

Congratulations to Brandy and Dennis Sneed

"Thank you for thinking of us on our wedding day... such a great company to work for... Terri you are the best recruiter!"

Congratulations to Clinical Services Manager, Sandi Cherry, RN on her March 10th wedding to Lee Kennedy.

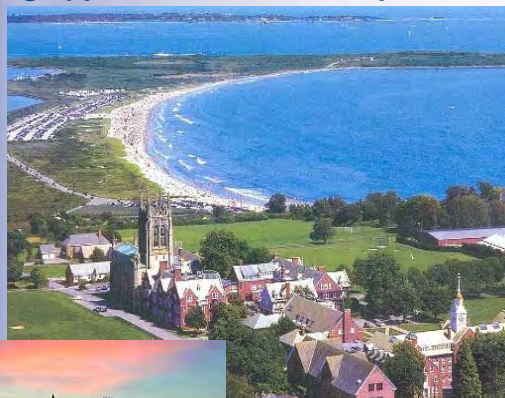

Pictured here with Mrs. Kennedy are Maryellen Bojanek, RN, Dir Quality and Clinical Svcs. and Lynnette Odom, Retention Manager.

Another New Reason to Call Supplemental Health Care!

We are happy to announce a new relationship with Lifespan Health System of Rhode Island! Lifespan includes: Rhode Island Hospital, The Miriam Hospital, Newport Hospital, Hasbro Children's Hospital, and Bradley Hospital. Opportunities exist for our seasoned travelers in various Critical Care units, ED, Cardiology, Dialysis, CVOR and experienced Cardiology Nurse Practitioners. The Lifespan system is the state's largest Level 1 Trauma Center and is the teaching hospital for Ivy League Brown University School of Medicine. This is a great opportunity to work in one of America's most historic cities, Providence, RI. Providence is located just 45 minutes south of Boston and 20 minutes from some of the country's most beautiful beaches. Rhode Island is a walk-thru state allowing you to obtain your RI license in a matter of days. Call your recruiter today to find out more information about these high paying opportunities with Lifespan.

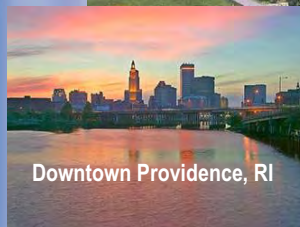

Middletown Beach
Rhode Island

Rhode Island Hospital

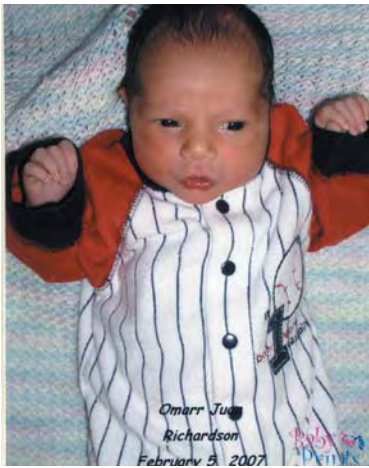

The Miriam Hospital

Downtown Providence, RI

Call Supplemental Health Care today at 1.800.543.9399 to discuss these opportunities. Our recruiting staff is ready to assist you in starting your new adventure in some of America's best hospitals in some of the most exciting areas of the country. Discover why "when quality, service and performance matter, health care professionals turn to Supplemental Health Care"!

Nursing Notes & Shots

“Hello Candie,

Here’s a picture of my newest baby...We have to get together...so you can see my two babies...talk to you soon!”

Sandy Dressler, RN

Congratulations to Sandy, the proud mommy of Omarr Juan Richardson (pictured at 3 days, 7 lbs 8oz, 19 1/4 inches)

Thank you for sharing your bundle of joy with us!

Upcoming Shows

Nursing Spectrum | Teaneck, New Jersey | April 26, 2007

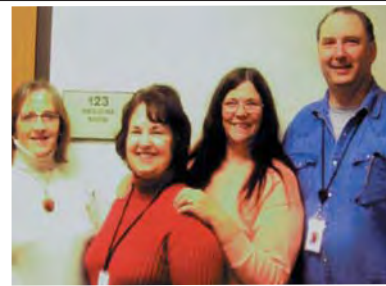

Geoff Sherman, Area Sales Manager and Maryellen Bojanek, RN, Director of Quality and Clinical Services will be attending the Nursing Spectrum Conference, held in the tri-state area next month. The exhibits/conference will be at the Teaneck Marriott. If you’re attending or know a colleague that is, please come by Booth #508 to say hello and enter our raffle!!!

We Listen to Understand

Kudo for a nice job to Sam Sama, RN, currently on his third assignment for Supplemental Health Care at Newark Beth Israel MC in Newark, New Jersey. A patient’s wife, Mrs. Sabio, took the time to call our office and let us know how much she appreciated the top-notch care you provided while recently caring for her husband. Mrs. Sabio wanted Supplemental Health Care to know how dedicated, caring and hard working you are.

Thanks to Cary Kennedy, RN, for calling in to let us know about how responsive her recruiter, Drew Harding, Division Manager, has been to her needs. Cary, after completing an assignment in Fresno, California, called Drew and asked if Supplemental Health Care had any opportunities in a small town in Wisconsin. Drew, working collaboratively with Area Sales Manager, Todd Cleckley, marketed Cary for an opportunity in Dodgeville, WI. Cary expressed how pleased she was with the customer service she received from Drew and how pleasantly surprised she was that Supplemental Health Care was able to secure this assignment for her. Cary has worked for other travel companies in the past and wanted to let us know how grateful she is for the personal attention provided by the staff at Supplemental Health Care in meeting her specific travel needs.

Health Care Professional of the Month

Supplemental RN's (l to r) Ellen McGregor and Nina Moore from Minnesota; Beth and Donnie Silmon from Louisiana

Nina and family at 60th wedding anniversary celebration for parents.

Marty Rastelli,
Division Manager

CONGRATULATIONS
NINA MOORE!!!

It's a pleasure to present Nina Moore, RN as Supplemental Health Care's Health Care Professional of the Month for March. Nina, a native of Lolo, Montana, graduated from the Methodist Hospital School of Nursing. Nina has extensive experience providing patient care in the psychiatric/behavioral health arena. "I am currently in Minnesota, where the state is developing a new inpatient mental health system. The program and the buildings are all state of the art. It is evolving and challenging." A common theme throughout Nina's professional accomplishments is "being challenged". "That's the reason I started traveling three years ago. I was working nights and didn't feel challenged." Ironically, the reason Nina chose to travel is no longer the reason for her decision to continue traveling. "I know if I'm not content with my position, it will only last 13 weeks. However, that has never been the problem. I have traveled to three different places and have chosen to remain for multiple contracts at each assignment. The people I've met have just been great and the experiences have been interesting and educational."

Nina is the proud mother of 5 and grandmother of 11. "At a 'regular' job you frequently have to beg to get time off for special events in your life. By traveling, I have special times written into my contract. I was able to take a couple of weeks for the birth of my 11th grandchild last summer in Texas. Over Thanksgiving, I was able to take a week off to be with my entire family to celebrate my parents' 60th wedding anniversary. Unless you have a lot of seniority no 'regular' job lets you take time off in prime time." In her free time Nina enjoys sewing, quilting, jewelry making, beading, and beautiful sunsets. "One of the hardest parts about traveling is being away from my family, who live in 4 different states. I know my kids thought I was crazy when I started traveling but they are married with families of their own. I hope that they follow my example and step 'outside the box'. My husband has been my biggest supporter and encourager, so he has made it much easier. Oh, yes, the money is great, too!"

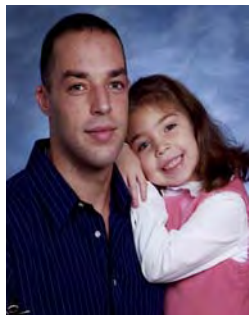

Marty Rastelli, Nina's recruiter, reports "Nina was one of the first nurses I recruited in my career at Supplemental Health Care. Nina has always been easy to work with. On every assignment from North Carolina to California, Nina has been loved by the staff. I mentioned to her at the beginning that I envisioned partnering with her for 20 years, and I sincerely think that is possible. It is an honor to be Nina's recruiter and friend." Nina relates, "Marty is so good to work with. My husband and I are going on a cruise in April with my [VIP] points. Supplemental Health Care is paying for it! Sometimes I hear about other companies offering a better deal. I, like everyone else, check it out. When I put a pencil to it and remember how good Supplemental Health Care has been to work for, I stick with Supplemental Health Care. Now all I need is a contract in Montana!"

Everyone at Supplemental Health Care, especially Marty Rastelli, Division Manager, would like to congratulate Nina with the Health Care Professional of the Month Award.

Employee of the Month

Rick Majors with his daughter Carly Ann

It's with great pleasure that we present our March Employee of the Month, Rick Majors. Rick started with Supplemental Health Care in June 2006, after studying psychology at SUNY Albany. According to Christopher Long, Director of Operations, "Rick made his mark from the day he started. Within the first few months of his employment at Supplemental Health Care, Rick was recognized with the 'Head and Shoulders Above the Rest Award' for performing above and beyond expectations. This award, which is given out by our Regional Vice President, is quite an honor within our company. Rick does not rest on his past laurels, he continues to shine and out-perform expectations at every level. It is a privilege to have Rick Majors on our staff." Kathryn Patchel, Division Manager, and Rick's supervisor concurs, "I am so happy to have Rick on my team. His professionalism and courteous demeanor make him a pleasure to work with. Rick is dedicated, focused, and gives 100% at all times. He certainly exemplifies our I.C.A.R.E. core values and I know that he will continue to excel here at Supplemental."

Rick offers, "The people that I'm surrounded by make the job easy...great management...awesome support staff...and I am lucky enough to work with some wonderful nurses. I look forward to coming to work. I see every day as an opportunity to make a new friend. As a plus, it makes me feel good to be able to help someone find a job that pays well in a place that they really want to be!"

Rick, a single parent and a doting father to Carly Ann (a kindergartner who just celebrated her sixth birthday) states, "Carly Ann helps motivate me. Everyday she asks if I was able to help anyone find a job. I like telling her when I have been able to." Prior to working with Supplemental Health Care, Rick worked as a restaurant manager and server. "This job really is a good fit for me and you can't beat the hours!"

According to Lisa Ann Miranda, Training Manager, "Even though he's been with our company for less than a year, Rick is a superstar recruiter and an absolute pleasure to be around!" Sandi Kennedy, Clinical Services Manager, agrees. "It is a pleasure to work with Rick Majors and his travelers. He is always so involved and 'hands on' with compliance challenges, which makes our team's job much easier. Rick is a joy to be around and is always thinking of others. He surprised the Compliance Team by treating them to a pizza lunch as a thank you for taking care of his travelers. It's gestures of kindness that make Rick a special person. No wonder he was voted for Employee of the Month."

Congratulations and thank you from all of your co-workers at Supplemental Health Care for your well deserved "Employee of the Month" recognition, Rick!!!
